DEPOT VISITS 2015

Colleagues,

Over recent years, we have visited a number of depots, where members can approach us and raise any issues they may have.

We often found that most members preferred to speak on a one to one basis with either a company council member or our FTO.

For this year, we would like to trial a variation, which will be the following:

25th February – London Victoria

20th April – Brighton

16th June – Selhurst

2nd September – Horsham

3rd November - Redhill

However, if you feel it would be beneficial to arrange a visit at your depot, please contact Kevin Eade to arrange a date.
